## INCREASED POWER

The Wine C50 model belongs to our family of inbuilt solutions. It is installed in an outer partition wall and will turn any properly insulated room into a real wine cellar. What a joy to buy wines young and watch them age!

WINE CELLAR AIR CONDITIONER

50 m<sup>3</sup>

Air-conditioning up to 50m<sup>3</sup>

High performance integrated thermostat

Quiet

Respectful of the environment

Ideal climate conditions for the preservation of your wine

\* The insulation quality and thickness has to be in accordance with the volume of the cellar. Glass and thermal losses through out the room as well as using the wrong insulation will limit the achievable temperature.

## CONVENIENT AND EFFICIENT

- Keeps cellars at a constant temperature of between 14 and 18 °C\*
- Humidity control : excess humidity is condensed and evacuated towards the outside
- Rubber shock absorbers are incorporated, creating an anti-vibration system
- Dimensions that make the product able to adapt to different rooms (store room, attic...)
- Controlled power consumption thanks to the reaction turbine on the condenser side
- Reheating feature for the Wine C50 S et Wine C50 SR models
- The Wine C50 SR model is equipped with a heating belt that provides protection in the event of difficult weather conditions (such as winter)
- Easy to install, provided with a wooden frame
- Easy upkeep: just a filter that needs to be changed once a year
- 2 year guarantee

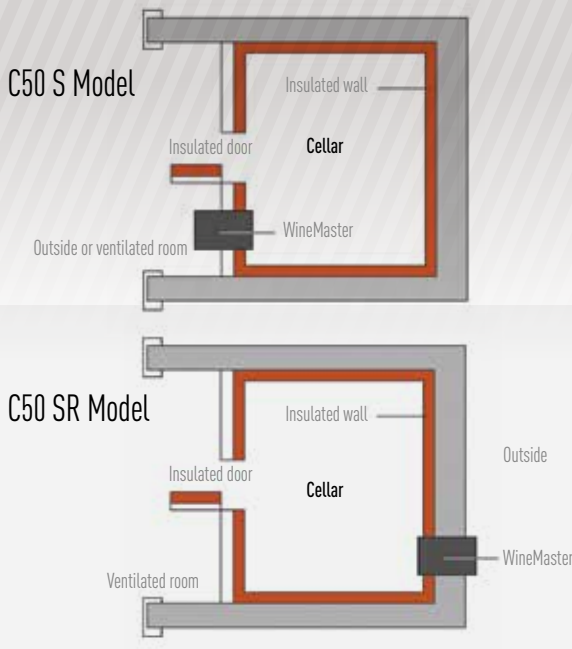

## THE ADVANTAGES OF WINE C50 S / SR

- Complete standard equipment with which to control and maintain the temperature stability of the cellar
- Wines are protected from excessive light thanks to an integrated night light
- Easy to install with its embeddable wood casing
- Specially designed for very cold areas, the C50 SR should be embedded into an outside wall

### HYGROMASTER®

On the wall, on the ground, or on a stable shelf, Hygromaster® is very easy to install. You can simply connect it to the water tank that comes with it. This reservoir kit supplies the Hygromaster® with demineralized water. You can regulate the level of humidity to ensure it is appropriate for your wine cellar.

### WINEMASTER® CELLAR DOOR

The WineMaster® cellar door guarantees the optimal insulation of your wine cellar, a real asset to some of our WineMaster® air conditioners. It is very easy to install with only 7 fixing points for mounting the set and two possible opening versions (right or left).

# A STORY OF LOVE AND TERROIR...

It is in the foothills of the Alsatian vineyards, where the wine route starts, that the WineMaster® story begins. Our attachment to terroir and our love of wine have always been the source of our thought process and creativity.

Ever since its inception in 1984, the skills and know-how of the men and women of WineMaster® have been at the heart of every step in the air conditioner making process.

Quality and detail are what motivate us, and we are proud of our products and their 100 % Alsatian design.

“ INNOVATION AND EXCELLENCE ARE WINEMASTER'S KEY VALUES. ”
